## LABOR CATEGORIES AND QUALIFICATIONS

### **Engagement Manager**

**Minimum/General Experience:** Ten years of general experience, eight years specific experience

**Functional Responsibility:** Responsible for managing multiple project engagements/tasks, interfacing with senior leadership and assuring the quality of overall programs. Create an environment that inspires and champions those who exceed desired results. Lead and integrate elements of complex projects to achieve desired results by setting strategically aligned goals. Responsible for oversight, coordination, and integration of multiple business improvement and enterprise transformation projects provided by the company or agency's direction. Assist the customer in determining schedules, in reviewing deliverables, and in participating in project reviews that look across the totality of the customers' programs. Sets project 'point-of-view' and overall approach to engagements and shapes senior management agendas to create and maintain an executive level momentum for change. Facilitate and lead team discussions and meetings.

**Knowledge/Experience/Skills:** Candidate must possess a strong background in business and management. Must have up-to-date knowledge of, and skills in, latest management techniques and practices. Must know process improvement strategies for difficult projects, business analysis methods and techniques, sophisticated consulting strategies and techniques, functional area test practices, organizational development and systems approaches to integrating total solutions. Guide the team to envision and achieve the desired results. Motivate the teams to meet time sensitive demands. Other areas of expertise may include business process reengineering, statistical process control, individual and organizational assessment and evaluation, process modeling and simulation, strategic and business planning, performance measurement, organizational development, change management, and the development of leadership/management skills. Must also possess strong facilitation and cross-functional team facilitation skills at the senior management level.

**Minimum Education:** Bachelor's degree

## Senior Manager

**Minimum/General Experience:** Eight years of general experience, six years specific experience.

**Functional Responsibility:** Responsible for the overall performance of the task order such as formulating work standards; assigning contractor schedules and resources; reviewing performance, cost, and budget information; supervising contractor personnel; and communicating policies, purposes, and goals of the organization to subordinates. Builds and leads effective, energized teams. Ensures desired results by determining, implementing objectives and allocating appropriate resources. Interfaces with client sponsor on all aspects of the program. Leverages tools and techniques and methods from other projects.

**Knowledge/Experience/Skills:** Candidate must have a strong background in project management. Must have demonstrated ability to provide guidance and direction to staff and possess expertise in the management and control of funds and resources, establishing requirements and procedures for responding to statements of work for task/delivery orders, and preparing deliverables. Must lead and integrate elements of complex projects to achieve desired results by setting strategically aligned goals. Other areas of expertise may include business process reengineering, statistical process control, individual and organizational assessment and evaluation, process modeling and simulation, strategic and business planning, performance measurement, organizational development, change management, and the development of leadership/management skills. Must also possess strong facilitation and cross-functional team facilitation skills.

**Minimum Education:** Bachelor's degree

## Senior Executive Consultant

**Minimum/General Experience:** Twelve years of general experience, ten years specific experience.

**Functional Responsibility:** Serve as a coach or mentor to the other team members on complex business improvement engagements. Recognized as an authority or expert on one or more business improvement subject areas, such as, but not limited to: change management, strategic and business planning, statistical process control, development of leadership/management skills, organizational design, benchmarking, survey analysis, training development, performance measurement, customer analysis, simulation methods and methodology, information management, process modeling and analysis, performance measurement, and Business Process Reengineering (BPR) methodologies. Must know process improvement strategies for difficult projects, business analysis methods and techniques, sophisticated consulting strategies and techniques, functional area test practices, organizational development and systems approaches to integrating total solutions. Interfaces with senior and executive level client management. Experienced with large and complex management and organizational challenges.

**Knowledge/Experience/Skills:** Candidate must be notably fluent in the areas of business improvement, strategic business planning, management, and organizational techniques. Guide the team to envision and achieve the desired results. Demonstrate initiative to enhance and achieve results by setting strategically aligned goals. Must possess demonstrated ability and experience in management consulting and cross-team facilitation at the senior management level. Other areas of expertise may include business process reengineering, statistical process control, individual and organizational assessment and evaluation, process modeling and simulation, strategic and business

planning, performance measurement, organizational development, change management, and the development of leadership/-management skills. Must demonstrate the ability to provide guidance and direction to staff performing on consulting and facilitation engagements. Possess strong facilitation and cross-functional team facilitation skills at the senior management level.

**Minimum Education:** Bachelor's degree

## **Executive Consultant**

**Minimum/General Experience:** Ten years of general experience, eight years specific experience.

**Functional Responsibility:** Serve as a coach or mentor to the other team members and be recognized as an authority on one or more business improvement subject areas, such as, but not limited to: change management, strategic and business planning, statistical process control, development of leadership/management skills, organizational design, benchmarking, survey analysis, training development, performance measurement, customer analysis, simulation methods and methodology, information management, process modeling and analysis, performance measurement, and Business Process Reengineering (BPR) methodologies. Must demonstrate strong process improvement strategies for difficult projects, business analysis methods and techniques, sophisticated consulting strategies and techniques, functional area test practices, organizational development and systems approaches to integrating total solutions.

**Knowledge/Experience/Skills:** Candidate must be notably fluent in the areas of business improvement, strategic business planning, management and organizational techniques. Must demonstrate the ability to provide guidance and direction to staff performing on consulting and facilitation engagements. Help shape senior management agendas, create and maintain executive level momentum for change, and be able to design and deliver powerful presentations and interventions. Must possess demonstrated ability and experience in management consulting and cross-team facilitation at the senior management level.

**Minimum Education:** Bachelor's degree

## **Principal Consultant**

**Minimum/General Experience:** Eight years of general experience, six years specific experience.

**Functional Responsibility:** Responsible for applying business improvement and reengineering principles to organizational development and process modernization projects. Responsible for effectively transitioning existing project teams, and facilitating project teams in the accomplishment of project activities and objectives. Quickly identify client issues and likely solutions and approaches. Establish critical client relationships as credible thought-partners and key influencers. Leverage the collective knowledge and experience of CSC. Understand interrelationships and dynamics that affect performance, and select and use appropriate analysis, tools, and techniques. Provide group facilitation, interviewing, training, and additional forms of knowledge transfer.

**Knowledge/Experience/Skills:** Candidate must possess strong facilitation, management consulting, training, and process reengineering or business improvement skills and the ability to effectively use applicable tools and techniques. Responsible for effectively transitioning existing project teams, and facilitating project teams in the accomplishment of project activities and objectives. Able to anticipate reactions to change and develop effective, creative solutions or responses, and guide the client while

managing their expectations. Skilled in areas such as, but not limited to, strategic and business planning, activity based costing, financial management analysis related to an improvement effort, methodology development, change management, organizational development, activity and data modeling, performance measurement, benchmarking, and identifying best practices. Must be able to lead in the facilitation of discussions and meetings with senior level customer staff. May provide guidance and training to other staff as required.

**Minimum Education:** Bachelor's degree

## **Senior Consultant**

**Minimum/General Experience:** Six years of general experience, four years specific experience.

**Functional Responsibility:** Responsible for applying business improvement and reengineering principles to organizational development and process modernization projects. Responsible for assisting in effectively transitioning existing project teams, and facilitating project teams in the accomplishment of project activities and objectives. Provide group facilitation, interviewing, training, and additional forms of knowledge transfer. Skilled in areas such as, but not limited to, methodology development, change management, organizational development, activity and data modeling, performance measurement, benchmarking and identifying best practices. Demonstrate creative "Out-of-the-box" thinking and display strong communication skills. Demonstrate action, implement concepts and seek meaningful results to problems. Assist or lead in the facilitation of discussions and meetings with customer staff.

**Knowledge/Experience/Skills:** Candidate must possess facilitation, management consulting training or business improvement skills and techniques. Skilled in areas such as, but not limited to, methodology development, change management, organizational development, activity and data modeling, individual and organizational assessments and evaluations, training to improve service or customer service, performance measurement, benchmarking and identifying best practices. Must proficiently use tools and techniques associated with business improvements. Must be able to assist or lead in the facilitation of discussions and meetings with customer staff. May provide guidance and training to Consultants as required.

**Minimum Education:** Bachelor's degree

## **Consultant**

**Minimum/General Experience:** Four years of general experience, two years specific experience.

**Functional Responsibility:** Responsible for, or assisting with, applying business improvement and reengineering principles to organizational development and process modernization projects. Responsible for assisting in transitioning existing project teams, and facilitating project teams in the accomplishment of project activities and objectives. Understand the fundamental drivers of business performance. Interpret data to discern problems, identify opportunities, understand issues, and predict trends. Translate data into powerful displays that facilitate others' understanding. Provide group facilitation, interviewing, training, and additional forms of knowledge transfer.

**Knowledge/Experience/Skills:** Candidate must possess facilitation, management consulting, training, or business improvement skills and techniques. Skilled in areas such as, but not limited to, methodology development, change management, organizational development, activity and data modeling, performance measurement,

benchmarking and identifying best practices. Must be able to assist or lead in the facilitation of discussions and meetings with customer staff.

**Minimum Education:** Bachelor's degree

## **Senior Support Analyst**

**Minimum/General Experience:** Six years of general experience, three years specific experience.

**Functional Responsibility:** This position supports the management consulting, facilitation, training, and survey teams. Liaison for the staff when they are out of the office, and coordinates getting information/messages to them in a timely manner. Assists in preparing management plans, reports, and deliverables. Coordinates schedules to facilitate completion of tasks, training sessions, deliverables, Work Request reviews, briefings, electronic meetings, and surveys. Performs analysis, development, and review of program administrative operating procedures. May give guidance and direction to other support staff.

**Knowledge/Experience/Skills:** Candidate must be able to work independently with minimal supervision. Must be able to effectively use software packages such as MS Word, Excel, PowerPoint, and electronic mail. Must have demonstrated experience in providing administrative support in areas of office management, briefing and deliverable preparation, scheduling, meeting coordination, and copier and fax equipment use.

When participating in electronic meetings or surveys, the candidate must be able to support the facilitator and/or data modeler in preparing and conducting meetings and follow-up activities. Must be proficient in the use of the GroupWare software. Responsible for the cataloging, maintenance, and distribution of customer session data files. Must have knowledge of or experience in areas such as LAN servers, data modeling, and facilitation, and have previous experience as a technographer.

**Minimum Education:** Bachelor's degree

## **Project Support Analyst**

**Minimum/General Experience:** Four years of general experience, two years specific experience.

**Functional Responsibility:** This position supports the management consulting, facilitation, training, and survey teams. **Minimum/General Experience:** Two years of general experience.

**Functional Responsibility:** This position supports the management consulting, facilitation, training, and survey teams. Assists in preparing management plans, reports, and deliverables. Assists in coordinating schedules to facilitate completion of tasks, training sessions, deliverables, Work Request reviews, briefings, electronic meetings, and surveys. May perform analysis, development, and review of program administrative operating procedures. Orders materials and supplies for consulting, training, facilitation, and survey engagements.

**Knowledge/Experience/Skills:** Candidate must be able to work fairly independently with minimal supervision. Must be able to use software packages such as MS Word, Excel, PowerPoint, and electronic mail effectively. Must have demonstrated experience in providing administrative support in areas of office management, briefing and deliverable preparation, scheduling, meeting coordination, and copier and fax equipment use. Assist technographer and facilitator during electronic meetings and surveys, and assist in the completion of the related follow-up activities. Must have general knowledge of, or experience in LAN servers and facilitation.

**Minimum Education:** High School diploma

***SERVICE CONTRACT ACT***

*The Service Contract Act (SCA) is applicable to this contract as it applies to the entire 874: MOBIS Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the Contractor adds SCA labor categories / employees to the contract through the modification process, the Contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category and the applicable WD number. Failure to do so may result in cancellation of the contract*
